PERSONAL PROJECTS

YouTube Home Theme

- Designed a responsive, pixel-perfect YouTube homepage theme using HTML and CSS.
- Implemented a dynamic header and an intuitive sidebar for better navigation.
- Developed a video grid showcasing thumbnails and titles.
- Enhanced advanced CSS and responsive design skills through this project.

E-commerce website

- Developing the frontend of an e-commerce store using HTML and CSS.
- Created a responsive header with search and cart features.
- Designed dynamic category menus and featured sections for electronics and fashion.
- Focused on delivering a clean and accessible UI/UX for an enhanced online shopping experience.

Drevision (Daily Revision)

- Developed "Drevision," a web app designed for quick topic revisions.
- Included buttons for technologies like Java, SQL, HTML and CSS, Hibernate, and Spring Boot.
- Clicking a button displays related topics, each saved as a PDF.
- Enabled users to open and access study materials easily through PDF files.

SKILLS

Core Java

MySQL

HTML/CSS

Git/GitHub

Spring boot

JDBC

Hibernate

JavaScript

Oracle SQL

ACHIEVEMENTS

Developed an E-commerce Store Frontend

Currently developing a full-fledged e-commerce frontend, with plans to share progress and key milestones on LinkedIn to showcase technical skills and project management.
